BOH ADVANCE and Huenison physical editions

BOH ADVANCE and Huenison are just too good to exist only digitally, so they are about to receive a gorgeous physical release!

The packages feature the latest versions for all the supported OSes, Enhanced CDs with audio tracks and outstanding glossy finish, comprehensive manuals, and double-sided inlays.

Moreover, **BOH ADVANCE** will be part of the **BOH Deluxe** package, which puts together the former and a copy of the original **BOH** in an elegant sleeve.

The **BOH Deluxe** package comes at just 15 euros, and the **Huenison** package is only 12 euros (shipping excluded). The packages can be purchased exclusively by sending a pre-order to orders@retream.com from the 11th to the 18th of May — and no pre-payment is needed!
